

## Glen-Coa Gleanings

A farewell party for Mr. and Mrs. Lloyd Erickson, at the Fluevog home, was held on April 20. The main event of the evening was a quiz called "Bible Baseball." After the presentation of gifts, Lloyd gave a pleasing talk stressing the fact that distance separating friends is a small factor today. Mr. E. R. Erickson also spoke a few words, thanking his friends for their help at this time and for their many good wishes. Mr. and Mrs. E. R. Erickson and Evelyn left for Washington on April 23. Mr. and Mrs. Lloyd Erickson and family left on April 28, also going to the coast where they hope to make their home. The well wishes of all go with them.

Another real surprise party was held on Wednesday evening, April 23, for the newlyweds of our district. This event had been planned several times before, but always something interfered, usually roads. The old maxim, better late than never, proved true this time, and a very enjoyable evening of games was spent. Tollef Larson presented the gift to the happy couple, and Merle responded with a few well-chosen words. A very fine lunch brought the party to a close.

Still another important event took place in our district when Miss Nellie Mackay and Stanford Berg were married in Sharon church on April 27. Many friends witnessed the ceremony and wished the young couple happiness for the future.

Mr. and Mrs. N. Fluevog and little girls motored to Provost last week-end to visit Mrs. Fluevog's relatives.

Miss Dalton has been supervisor at Glenholm school. We understand a teacher, Miss Moore, will be taking over very soon.

Mr. Adolph Russel is renting the Erickson farm.

The Camrose Lutheran College choir will be singing in Sharon church on Sunday, May 4, at 11:00 a.m. Everybody is welcome. All who enjoy a capella singing should attend, for a real treat is in store.

## Northern Nuggets

Messrs. L. H. Bars, Harley Bars and H. Johnston made a visit to Edmonton early this week.

Mr. and Mrs. Jas. Barnett of Mannville were Sunday visitors at the home of Mr. and Mrs. E. B. Allen.

Mrs. Ivan Hardy is among those of our citizens forced abed by stomach flu.

M. Joe Fleming was a Mannville visitor Saturday receiving medical attention.

Mr. and Mrs. D. McKenzie paid a brief week-end visit at the home of Mr. and Mrs. W. D. Ramsay before taking up residence in Mannville.

## Change in C.N.R. Train Schedules

The following changes in time are now in effect on trains passing through Irma:

No. 2 passing through at 11:15 p.m. instead of 1:00 a.m. as formerly.

No. 4 passes through at 12:15 a.m. instead of 11:30 p.m. as formerly.

No. 11 local to Edmonton has been put ahead 10 minutes and now leaves Irma at 4:42 instead of 4:52.

## DeLUXING THE BEANS

Halifax, April 28—When Trans-Canada Air Lines opened its Boston service earlier this month, Mayor Curley celebrated the occasion by sending this city's Mayor Ahorn a pot of Boston baked beans which was promptly consumed the day of arrival. Here's the way they do it in Boston, broken down to family size: 14 oz. of pea beans, 1/4 cup of molasses, 1/4 teaspoon dry mustard, 3 oz. chopped onions, 3 oz. chopped celery, 1/4 lb. salt pork, 1/2 teaspoon mixed spices and one tablespoon brown sugar. Beans are soaked overnight, washed and put in ingredients in large pot, fill with water and cook for 10 hours.

## Southern Sayings

Mr. R. Dempsey was a visitor in Edmonton recently.

Miss Amy Wiese has been home on a visit before leaving for Westlock where she is teaching school.

Mr. and Mrs. J. Jackson, Mrs. Reber, Mrs. Herne and Winnie attended the wedding of Miss Nellie McKay. Everyone in this community joins in wishing both her and her husband many happy years of married life.

## IRMA W.M.S. HOLDS ITS ANNUAL SUPPER MEETING

On the evening of Wednesday, April 23, the Irma W.M.S. held its annual supper meeting. This was a very pleasant occasion. Among the guests were various friends of the W.M.S. and some members of the Anglican W.A.

After the supper had been fully enjoyed Mrs. Elford took the chair and the meeting was called to order.

Mrs. Hamilton, of Wainwright, was the guest speaker. She had recently returned from "Branch" and gave a fine account of that presbyterian convention. Her report was very encouraging and made all present more aware of the work the W.M.S. accomplishes.

Much of real value was added to the meeting by the presence of the Rev. Douglas McMurtry and Mrs. McMurtry. Mr. McMurtry had just returned from China and was able to give an interesting account regarding conditions in that country and told of the compulsion he felt to return and go into missionary work there. Mr. and Mrs. McMurtry had brought a beautiful display of Chinese curios, costumes and examples of Chinese art.

Other highlights of the evening were a song led by Mrs. Inglis, a solo by Mrs. Simmermon and various impromptu speeches by the guests.

All present felt this was one of the most successful supper meetings that the W.M.S. had ever sponsored.

Born to Mr. and Mrs. G. Mills (nee Marjorie Turnbull) of Edmonton, a daughter.

Mrs. B. C. Carpenter is at present visiting her parents at New Westminster, B.C.

## LOCAL NEWS

Mrs. E. W. Peterson is enjoying a visit from her parents, Mr. and Mrs. Gibson.

The Irma United church will commence its Sunday evening service at 8:00 p.m. instead of 7:30 p.m. beginning Sunday, May 4.

Already gardens are being plowed and yards raked. Has anyone found any good fishing worms yet?

Mrs. Sellars and Mrs. Muttart of Edmonton were week-end guests at the home of Mrs. Sellars' brother-in-law, Mr. A. H. Locke.

Mr. and Mrs. Roy Blade and daughter, Joan, arrived in Irma last week. Roy was only a week-end visitor but Mrs. Blade and Joan are spending a couple of weeks at the home of Mrs. Blade's mother, Mrs. Hager.

Mr. and Mrs. H. E. Parke returned to Irma on Friday after a tourist's absence visiting among relatives in B.C.

The May meeting of St. Mary's W.A. will be held at the home of Mrs. R. Smith at 3:00 p.m. on Thursday, May 15. A freewill thankoffering will be taken at this meeting. We also hope to work on the quilt for the Dorcas bale, so we hope for a good attendance.

We would like to make a correction from last week's issue. Mr. and Mrs. Bud Handy are the parents of a baby girl and Mr. and Mrs. M. Miles have a baby boy, and not vice versa as it appeared in last week's paper.

### CARD OF THANKS

Mr. and Mrs. J. Wood wish to thank the many friends who so kindly helped in any way during Mrs. Wood's long and trying illness this past winter.

BUT, you know.

# IT IS HAY

...for money to spend wisely on worthwhile things...but for the unforeseen emergency—the unexpected opportunity.

During the war years, nearly half a million more Canadians realized that setting aside money in a savings account at the B of M was sound commonsense—like the farmer putting hay in his barn. That makes a million and a half B of M depositors following a policy that is at once in the best interests of the individual depositor and in the best interests of the nation.

For money in the bank doesn't lie idle. It works constantly in two ways. It works for the saver and it works for national prosperity—providing, by loans and investment, the capital that creates employment. It helps to produce goods...to produce prosperity.

WORKING WITH CANADIANS IN EVERY WALK OF LIFE SINCE 1817

CANADA'S TEXTILE INDUSTRY is not generally regarded as being anything very exciting. It is true that in normal peace-time years textiles led all other industries in employment and wages paid. But that means we are just a part of regular daily living in Canada. It makes us about as exciting as a kitchen table.

DURING THE WAR, Canada's hundreds of textile plants turned out millions of yards of urgently-needed supplies. Today we are working hard to catch up with the heavy and growing civilian demands of the post-war. We provide thousands of jobs to Canadian citizens at new high wage levels. True, these factors do not seem exciting but it is nice to know that we have a place in Canada's way of living. A kitchen table may not be exciting but it is important to the household.

## Prison Reform

**PRISON REFORM IS A SUBJECT** in which many people in Canada are deeply interested. Before the war, a Royal Commission investigated Canada's prison system and that of other countries, and had the war not come, it is probable that steps would have been taken long before this to act upon some of the recommendations for improvements in Canada's penal system handed down by this Commission. During the war, lack of money, trained personnel and other essential factors made it impossible for action to be taken in this matter, but now that many of the obstacles have been removed, there are many people who are most anxious that the question of prison reform should again be given earnest consideration.

### Noted Jurist Favors Reform

Mr. Justice J. C. McRuer, who is Chief Justice of the Supreme Court of Ontario and president of the Canadian Bar Association, was a member of the Royal Commission investigating Canada's prison system, and he is one of those who are in favor of changes in our present methods of dealing with criminals. In a recent public address on this subject, Chief Justice McRuer recommended the reorganization of the personnel in prisons, planned segregation of confirmed criminals, the development of a comprehensive adult probation system and an organized system of rehabilitation. He also suggested the creation of a department of government which would investigate the causes of crime, study ways and means of crime prevention, and provide the most modern and scientific means of prevention.

### Has Aroused Wide Interest

There are many people who are of the same opinion as Chief Justice McRuer in regard to the need for reform in Canada's present penal system. The matter of dealing with first offenders and with juvenile delinquents is of the greatest importance, for under conditions as they are now, prison sentences for criminals of this class often mean that they come into contact with hardened criminals, and are themselves hardened, when they are in great need of intelligent correction. The question of rehabilitation of offenders upon their release from prison is also a most important factor in ridding down crime and increasing the social welfare of the country. It is probable that a great deal will be heard in Canada in regard to the need for prison reform in the near future, and it is a matter which deserves the consideration and interest of all responsible citizens.

## NO ALLOWANCES FOR CHILDREN WHO SKIP SCHOOL

OTTAWA.—Children who skip school regularly don't get family allowances, Health Minister Martin disclosed in the Commons.

In a return tabled for L. O. Briethaupt (L.—Waterloo), the minister said that arrangements have been made in each province for provincial school authorities to notify regional family allowance offices when the school attendance of a child became unsatisfactory.

On receipt of such information, the office suspended allowances until the child's attendance became satisfactory.

## Cheerful News For Car Owners

According to the Detroit Free Press the Automobile Manufacturers Association furnishes a word of cheer for a gloomy old world.

It reports that the Society of Automotive Engineers has recommended standardization of heights of bumpers of all passenger cars and light trucks.

This means that in the not too distant future there will be no such thing as locked bumpers, or the dismal business of trying to disengage two cars joined in close embrace.

## Warwick Castle To Peace-time Service

MONTREAL.—The 17,383-ton Warwick Castle, second Union Castle passenger liner to return to peacetime service, is enroute from Southampton on her first postwar sailing to South Africa. Cunard Donaldson Limited announces. Cunard Donaldson are general agents for the Union Castle Line in Canada.

Temporarily employed in the South African Mail Service which offers express passage from England to Cape Town and Durban, the Warwick Castle will revert to the Intermediate Service upon the completion of two new 28,000-ton mail vessels now under construction at Belfast.

"The Intermediate Service has scheduled calls at Las Palmas, Tenerife, Ascension and other ports enroute to and from South Africa, and it was in this service that the liner, formerly the Pretoria Castle, sailed regularly before the war."

Completely restored to her prewar standards of comfort, the ship provided accommodations for 205 First Class and 335 Tourist Class passengers.

## GEMS OF THOUGHT

### PATIENCE

Patience is not passive: on the contrary it is active; it is concentrated strength.—Bulwer-Lytton.

There is as much difference between genuine patience and sullen endurance, as between the smile of love and the malicious gnashing of the teeth.—Plummer.

Patience does not mean indifference. We may wait, and trust, and wait, but we ought not to be idle or careless while waiting.—Gail Hamilton.

It is wise to be willing to wait on God, and to be wiser than serpents; to hate no man, to love one's enemies, and to square accounts with each passing hour.—Mary Baker Eddy.

It is not necessary for all men to be great in action. The greatest and sublimest power is often simple patience.—Horace Bushnell.

Do not think that nothing is happening because you do not see your self grow or hear the whirr of the machinery. All great things grow noiselessly.—Drummond.

## HOLSTEIN CATTLE SHIPPED TO CHINA

QUEBEC.—Canadian Holstein cattle breeders have sold 130 male animals, aged one year to 18 months, to the Chinese government, according to an announcement by the provincial agriculture ministry.

Thirteen of the bulls, whose progeny all are qualified sires, or dams with individual milk production of more than 500 pounds of butter fat a year, are destined to stock Madame Chiang Kai-Shek's herds.

## FUNNY And

## OTHERWISE

A ten-year-old boy rushed into the shop.

"Father's being chased by a bull," he cried.

"What can I do about it?" asked the shopkeeper.

"Put a new roll of film in my camera," said the boy.

Magistrate: "But why did you break into this draper's shop four nights running?"

Defendant: "I got a new dress for my wife and she made me go back and change it three times."

Wife: "Haven't the dresses in this window a splendid finish, dear?"

Jones (glumly): "Nothing wrong with the finish. It's the starting-price that gets me!"

The rejected suitor was making his final plea.

"What?" he said, "has this fellow got that I haven't?"

And the girl answered "Me."

Clerk: "These are especially strong shirts, Madam. They simply laugh at the laundry."

Customer: "I know that kind. I had some which came back with their sides split."

Once again the youthful evacuee had been caught using strong language.

"Do you know, Tommy," said the harassed foster-mother sadly, "every time I hear you swearing get cold shivers down my back."

"Coo!" exclaimed Tommy. "If you heard father you'd have froze to death!"

The manager heard that the 16-a-week clerk had a car, and asked him how he could afford it, with four children.

"Oh, that's easy," said the clerk. "There are 500 of us employed at this factory. I raffle my wages every week at a shilling a go."

"Won't you give me your telephone number?" he murmured.

"It's in the book," she said.

"Splendid," he sighed. "And what's your name?"

"That's in the book, too," she snapped.

"By jove, old boy, I couldn't believe it when I heard you were in hospital. Why last night I saw you dancing with a pretty blonde."

"Yes, so did my wife."

Smith: "I wear the trousers in my home."

Friend: "Yeah, but right after supper I notice you wear an apron over them."

"What did the calf say to the silo?"

"I don't know."

"Is my fodder in there?"

"I adore dark men."

"You'd have a splendid time in Africa."

**SLOW CONSCIENCE**

In Pedonia, Kansas, an ex-school-marm sent the country school superintendent a check for \$75 (full repayment of the three-month salary she had once drawn) along with a conscience-stricken confession that she had cribbed on her teacher's examination to get the job, 53 years ago.

High-quality starch has been extracted successfully from sweet potatoes.

## FILMS DEPICTING WILDLIFE OF CANADA'S NATIONAL PARKS BEING TELEVIEWED

A new development in visual education dealing with wildlife in Canada's national parks took place in Washington, D.C., recently when films showing beaver in Prince Albert National Park, Saskatchewan, were televiewed from the United States Capital. Some of the beaver shown were "Little Brothers" of the late Grey Owl who occupied a cabin on the shores of Algonquin Lake in the park. The films depict beaver building dams and houses, and storing food for the winter.

Television opens up an important field in the realm of wildlife education. The family life and habits of wild creatures in their native habitat, always make fascinating reading. But to actually see a beaver at work, a bear playing with her cubs, or an ungainly moose browsing in the willows, adds immensely to the interest of the story.

Children, and grown-ups too, who

have not yet had an opportunity to visit Canada's national parks may derive a keener appreciation of the word "sanctuary," when they observe wild creatures behaving in a natural manner before the camera, little perturbed by the presence of humans. They also get a better understanding of conservation practices which are part of the national parks idea and purposes.

Most people are intrigued by the sight of creatures of the wild living in natural surroundings. Canada's great outdoor museums of wildlife will continue to rank among her chief tourist attractions, and any new development that will make them better known in the United States is of special interest to Canadians.

The televising of films depicting wildlife in Canada's national parks will also further emphasize the fact that the only kind of "shooting" permitted in these areas is with the camera.

## Parachute Jumper Makes Air Rescue

FAIRBANKS, Alaska.—One parachute jumper saved the life of another during a task force frigid paratroop jump by snatching his collapsed chute and holding on until both reached the earth safely, the Army disclosed.

Cpl. Charles Harris was the man rescued and Pte. Raymond Kenyon the rescuer. Harris' chute collapsed when a crosswind blew the two men together about 100 feet above the ground.

### RECIPE

Add 1 envelope Royal Fast Rising Dry Yeast and 1 tsp. sugar to 1 c. lukewarm water. Stir and let stand 10 minutes. Sift 1 c. milk, add 5 lbs. sugar; add 2 tsp. salt and cool to lukewarm. Add to yeast mixture. Add 3 c. sifted flour and beat until perfectly smooth. Add 4 lbs. melted shortening and 3 c. more sifted flour, or enough to make easily handled dough. Knead well. Place in greased bowl. Cover and let rise in warm place until doubled in bulk, about 1 1/2 hours. Punch dough down in bowl and let rise again in warm place until nearly doubled in bulk, about 40 min. When light, roll out into rectangular sheet 1/2" thick. Brush with melted butter or shortening, cut into strips 1 1/2" wide. Pile 7 strips together; cut into piece 1" wide. Place incised up in greased muffin pans. Cover; let rise in warm place, free from draft, until light, about 1 hour. Bake in 400°F. oven for 20 minutes.

IRMA

## LOCALS

Mr. Sharkey Sr. came back to Irma this week after being away for a month at Edmonton and Waskiwini.

The small daughter of Mr. and Mrs. Lawrence Nash was a patient in Wainwright hospital last week and suffering from an acute attack of flu.

The regular infant and preschool clinic will be held on Friday, May 9, in Hedley's hall from 2:00 to 4:00 p.m.

Mr. and Mrs. F. Siersen and family left Irma last week. Their new home will be near Edmonton.

A good number from this hockey-minded town and district attended the big game in the city last week. Those of us who were left behind took solace in the fine radio broadcast. David Barss was lucky enough to get Broda's autograph. Billy Masson proudly brought home Richard's signature.

Among those donating to the Protestant Children's Home in memory of both Mrs. Ivan Archibald and Mr. Wm. Milburn were Miss C. Burton and Mr. R. Burton.

Mrs. Geo. Bridgeman's name in some way was omitted from the list of those who sent a wreath in memory of Mrs. Archibald.

Mr. and Mrs. Wellington Watson have purchased a home in Edmonton and are leaving Irma immediately to take up residence there.

Mr. R. Hanson is adding a nice extension to his business premises. Mr. H. Farthing has left the farm and has taken up residence in his house on King St.

Don't forget the C.G.I.T. bazaar and tea to be held in Hedley's hall on the afternoon of May 10. The bazaar will open at 2:30 p.m.

The next meeting of the Irma Ladies' Aid will be held at the home of Mrs. Martin Knudson on Thursday, May 8 at 3:00 o'clock. The topic will be given by Mrs. Black. Mrs. Targett and Mrs. Frickeleton will be hostesses. Visitors are always welcome.

Mrs. McLeod has come back to Irma for the summer after spending the winter in Victoria at the home of her daughter, Mrs. A. E. Blakely.

As the arrival time of west-bound train No. 11 has been advanced as of April 28, patrons are advised that mails for this despatch are now closed at 4:00 p.m.

## HIGHLIGHTS OF THE GAME BETWEEN N.H.L. ALL-STARS AND MONTREAL CANADIENS

As I first entered the arena, the sight of white ice and boards, neatly divided in the familiar pattern, the band music playing was itself the first highlight of the game from my point of view and probably from the view of many other hockey fans at the Edmonton Arena on Monday March 28th.

After a short time the players skated on to the ice, the familiar faces of Turk Broda, Doug and Max Bentley, Richard, Durnam and many other stars that one had heard over the air were now warming up out front of us, it was indeed very thrilling. From the drop of the puck in the first period you could easily see that this style of hockey was much different to the hockey that we had ever seen here at Irma.

The click of the passing plays were outstanding, there never seemed to be a pass that was fumbled or missed, they picked up the puck from what seemed impossible angles. Doug and Max Bentley and line-mate Mrosienko was the star line of the two teams. The two brothers led the attack for the All-Stars, they were truly marvellous in stickhandling and dropping passes from one another.

There were also many other stars on the ice that spot-lighted the play, such as rushing Reardon defenceman of Montreal Canadians and both goal keepers, Broda and Durnam received numerous applause in many spectacular stops.

The game featured very little body checking in the entire game, it was rather a match of smooth work with the hockey sticks and puck combined with great speed and dexterity on the part of the players.

When the final bell brought down curtain on this exhibition game, the score stood at N.H.L. All-Stars 7, goals by Doug Bentley, Carveth, McNab 2, Lindsay, Max Bentley, Stewart and Montreal Canadians 4 markers by Blake 2, Carse, Richard.

The final bell also brought a colorful and exciting close to the hockey season, something for everyone of the 8,000 fans who saw the game to remember for years to come.

This was written by one of our own Junior hockey players who witnessed the big game on Monday night. Now he says we had better

not mention his name. Well, O.K. but seeing that we asked him to write it we would just like to say, "Thanks very much, Dave."

We have Lots of Power BUT...

We need insulators, transformers and wire—lots of them to complete the extensions planned months ago. Our suppliers would like to provide them too, but production simply can't meet the demand.

All three are prime necessities in providing new services. We want those who are waiting for electric service to know that poles are being set, wire strung and transformers installed just as fast as they can be obtained.

Our job is to bring you the advantages of economical and dependable electricity. We are eager to supply it to you and promise that we are doing all in our power to do so with the least possible delay. Your understanding and co-operation will be greatly appreciated.
